

CO1-AT1-CODING CHALLENGE

NAME: V Rakshana

SLOT: B

REGNO :192425137

COURSE CODE: CSA0911

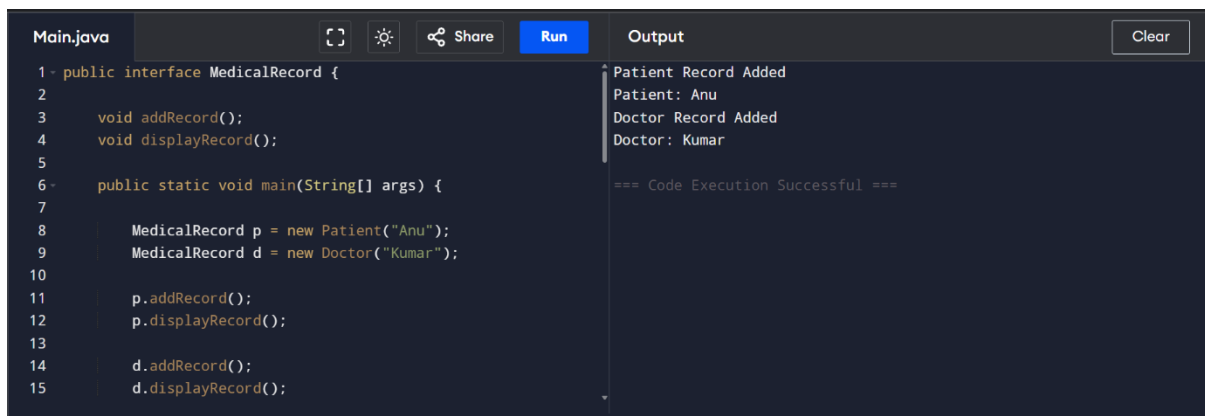

QUESTION-7:

CODE:

```
public interface MedicalRecord {  
    void addRecord();  
    void displayRecord();  
    public static void main(String[] args) {  
        MedicalRecord p = new Patient("Anu");  
        MedicalRecord d = new Doctor("Kumar");  
        p.addRecord();  
        p.displayRecord();  
        d.addRecord();  
        d.displayRecord();  
    }  
}  
  
class Patient implements MedicalRecord {  
    String name;  
    Patient(String name) {  
        this.name = name;  
    }  
    @Override  
    public void addRecord() {  
        System.out.println("Patient Record Added");  
    }  
    @Override  
    public void displayRecord() {  
        System.out.println("Patient: " + name);  
    }  
}
```

```
class Doctor implements MedicalRecord {  
  
    String name;  
  
    Doctor(String name) {  
  
        this.name = name; }  
  
    @Override  
  
    public void addRecord() {  
  
        System.out.println("Doctor Record Added"); }  
  
    @Override  
  
    public void displayRecord() {  
  
        System.out.println("Doctor: " + name);}}}
```

OUTPUT:

The screenshot shows a Java IDE with a dark theme. On the left, a file named 'Main.java' is open, displaying the following code:

```
1 public interface MedicalRecord {  
2  
3     void addRecord();  
4     void displayRecord();  
5  
6     public static void main(String[] args) {  
7  
8         MedicalRecord p = new Patient("Anu");  
9         MedicalRecord d = new Doctor("Kumar");  
10  
11         p.addRecord();  
12         p.displayRecord();  
13  
14         d.addRecord();  
15         d.displayRecord();  
}
```

On the right, the 'Output' panel shows the results of the code execution:

```
Patient Record Added  
Patient: Anu  
Doctor Record Added  
Doctor: Kumar  
  
=== Code Execution Successful ===
```

The IDE interface includes a toolbar with icons for running, debugging, and sharing, along with a 'Run' button and a 'Clear' button in the output panel.
